Dream Circles

Dianna Butler, Ph.D, is a transpersonal psychotherapist and consultant who specializes in aligning the conscious and unconscious as allies. Dr. Butler started her first “Circles of Wholeness” dream group 16 years ago while dealing with a “terminal” cancer diagnosis when given three months to live. This group, and others, have continued to deepen and thrive on many levels in the spirit of “High Play” within the realms of myth, metaphor and healing into the “Larger Story”.

Dianna brings traditional and non-traditional processes to explore dreams, including the creation of your OWN dream Dictionary. She will share ways to create dream circles that include all members in each dream, simple ways to create safe space, and answer questions about dream space.
