This collection is from **Overdrive**, the current leader in the eBook lending market. These 2,600+ eBooks come in ePub format and can be read on Mac or PC computers and then transferred to your **Nook**, **Sony eReader**, **Kobo**, and more.*

Step 1 (Set-up): Download Adobe Digital Editions (ADE) Software to your computer. *(You only need to do this once per computer.)*

- Go the Adobe Digital Editions download page at <http://www.adobe.com/products/digitaleditions/>
- Adobe will prompt you to create a **free** Adobe ID. You need this unique ID to transfer content to your device.

Note! If you are using a NOOK® that you have registered to make purchases at Barnes & Noble®, your device is already authorized. You should use the same email address and password to authorize Adobe Digital Editions on your computer.

- Once you launch the ADE software, it will prompt you to “authorize” your computer. Click okay.

Step 2: Check-out the eBook you want from the Overdrive site. (Limit 4 eBooks at a time)

- Go to the OverDrive page at <http://frontrange.lib.overdrive.com>. Or, visit the library's website at www.broomfieldlibrary.org and click on the link to the Front Range Downloadable Library by clicking on “Downloadable Audiobooks, Ebooks & Music” in the dark blue column on the left-hand side of the page.
- Click on “Advanced Search” at the top, right-hand side of the page.

- For “Format,” select “Adobe EPUB eBook” from the drop-down menu. If you want to see only titles that are now available for checkout, check the box next to “Only show titles with copies available.” Or, you can also search by Title, Author, etc. Click “Submit.”

Step 3: Download your eBook in Adobe Digital Editions (ADE). (4 eBooks max)

- Click "**Download**" to download the eBook into Adobe Digital Editions (ADE) on your computer. Select "Open with" Adobe Digital Editions.

Download

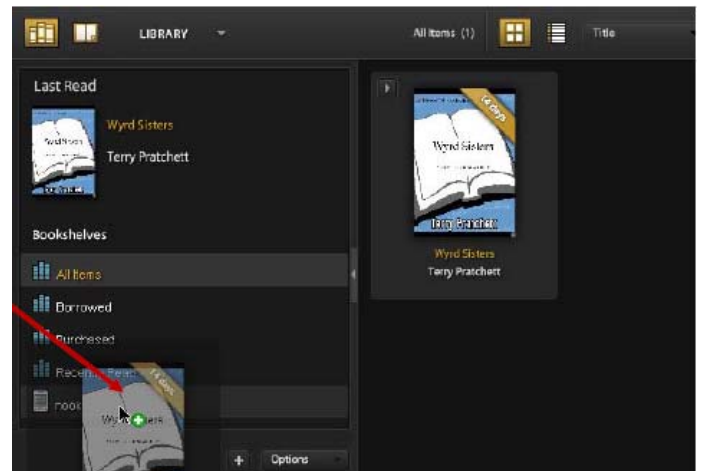

The following digital book(s) are now available for download:

	Bird by Bird Some Instructions on Writing and Life	Checked out on: Jan 06, 2012 Expires on: Jan 13, 2012
	Adobe EPUB eBook (287 kb)	<input type="button" value="Download"/>

- If ADE does not open automatically; launch it from your Programs menu.
- If ADE opens but the item is not showing, click on "Library" at the top of the ADE window.

Step 4: Transfer your eBook to your Nook from your computer.

- Connect your Nook to your computer via the USB port.
- Open Adobe Digital Editions (ADE) on your computer. (**Note!** You must activate both ADE and your device with the same Adobe ID to successfully transfer content.)
- When Adobe recognizes your device, it will prompt you to authorize this device (like you did with your computer).
- An icon for your device will then appear in the left column under "Bookshelves".
- Click and drag the eBook graphic from the right-hand box of your "Library" over this device icon and then let go (when the green + icon appears).
- If the eBook doesn't automatically show on your device, you may need to check for new content. For example, on a Nook, select "My Documents" first, then "Check for new content."

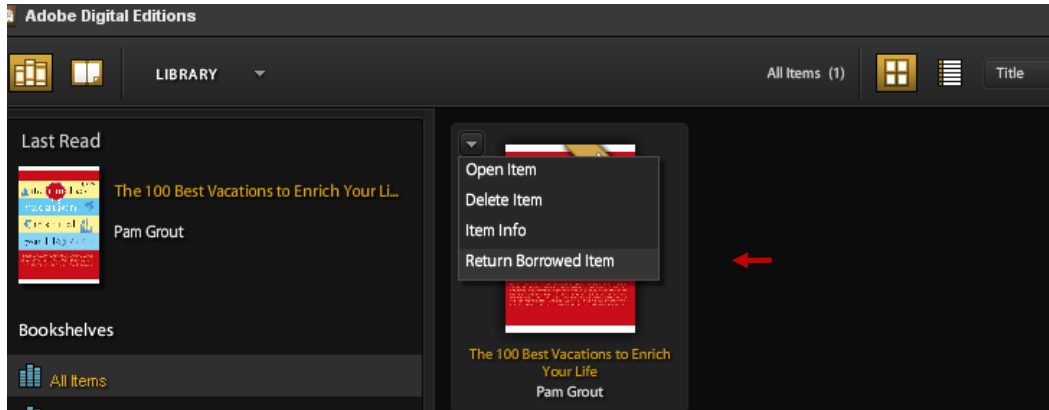

Due Dates and Check-In When You Are Done

Your eBook is "due" either 7 or 14 days after you checked it out, depending on which option you chose at Check-Out. In Adobe Digital Editions (ADE), a diagonal ribbon across the book cover shows the remaining check-out days.) After the loan period ends, the book will automatically expire from your account.

If you finish sooner than the due date, you **can** return the item early to be eligible to check-out another eBook (remember, 4 eBooks max). Once you return it from your ADE library, it is removed from your

computer; but it remains on your eReader device and you can continue reading it for the remaining loan period until you sync your device.

To check in the eBook, go to Adobe Digital Editions on your computer. In the Book Cover view of your Library, click once on the item you want to return to highlight it. Then click the arrow near the upper left corner of the book cover and choose **Return Borrowed Item** from the short menu. If you wait until the eBook expires, the file remains in ADE and on your reader in an unreadable form (the diagonal ribbon says “Expired”). So you need to delete it.
