If your business involves sales, then you are required to obtain a sales tax license. Your license application will be reviewed by the Planning Division before the license is issued. Allow ample time for your application to be processed prior to opening your new business! You may obtain an application from <http://broomfield.org/salestax/>.

Broomfield does not require a separate business license. However, please contact the Planning Division to ensure that your proposed business complies with Home Occupation Regulations prior to opening your new business. If you sell personal property and perform "installation" services, please contact Sales Tax Administration at 303-464-5811.

Signs, displays, or any other exterior indication of the home occupation is not allowed.

No. You must use the house as your primary residence.
