CLIMBING WALL QUESTION & ANSWER

DO YOU HAVE TO PAY AN ADDITIONAL FEE TO UTILIZE THE CLIMBING WALL?

Use of the climbing wall is included in the entrance fee. Please see climbing schedule for availability!

DO YOU CHARGE FOR GEAR RENTAL?

There is no additional fee to check out climbing equipment. However, all climbing equipment must be checked out with a Broomfield Recreation Services equipment card.

HOW OLD DO YOU HAVE TO BE TO CLIMB?

Size is more the determining factor; as to whether a child can safely utilize the climbing wall. The child needs to fit into a harness. If the child fits and a waiver has been properly completed--Climb on!!

DO I HAVE TO CLIMB TO THE TOP?

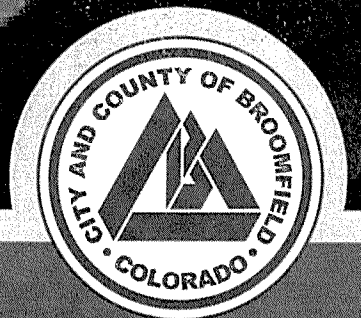

Climb as high as you feel comfortable!! The more you climb and practice, the more comfortable you will become with the wall. The most important aspect of any sport is fun; and you need to be comfortable to have fun!

WHAT SIDE OF THE WALL IS EASIEST?

This is always changing; as we adjust routes weekly. Just ask the staff, or pick a side and try it! Remember...it's ok if you don't go to the top the first time. Just don't be afraid to try.

WHAT IS ALL THE COLORED TAPE FOR?

The tape designates a route or path to follow while climbing. Each route is rated for difficulty. The color has little to do with the process, except that it marks where to put your hands and feet. It is more challenging to climb routes that are indicated by color, but you certainly don't have to climb that way! Remember...it is all about having fun, working out, and learning something new!
