A NEW WAY TO LOOK AT BUSINESS IN BROOMFIELD

BROOMFIELD LAUNCHES NEW ECONOMIC DEVELOPMENT WEBSITE

Home to global powerhouses, start-ups and homegrown companies leading the way in all sectors of innovation, the City and County of Broomfield is launching a new economic development website to continue attracting the business networks of the future.

“InvestBroomfield.com is an exciting and innovative website that will be an important and beneficial resource for those doing business, and looking to do business in Broomfield,” says Mayor Randy Ahrens. “The website will be one more tool for thriving small businesses, new tech companies, real estate professionals, and site selection consultants to use as they explore Broomfield’s strategic advantages, data, maps and much more.”

City Manager Charles Ozaki says the modern design will showcase photos, videos and the success stories of local and corporate businesses to paint a picture of Broomfield’s key assets. A new interactive virtual tour will help visitors explore Broomfield’s business parks, retail developments, access to a world class work force, and growing multi-modal transportation.
