MONEY PURCHASE PLAN

UNPREDICTABILITY

It’s the one thing about the future we can all agree on. But while it’s true that none of us can see the future, we can take steps to prepare for it. Your Money Purchase Plan is a tool that can help you manage unpredictability. It can help you plan for a future that may be a long way away, but one which will be here sooner than you think.

When it comes to retirement planning, you can’t afford to say, “I’ll cross that bridge when I come to it.” What you do today affects how you’ll live tomorrow. This guide will start you on the journey toward planning the retirement you want. It outlines the key steps you need to take to begin saving for retirement, which include:

Plan Features and Highlights

- Contributions
- Vesting
- Investment Options

- Taking a Distribution—Pros and Cons

How to Access Frequently Used Forms

Disclosures

Questions

Read these highlights to learn more about your Plan. If there are any discrepancies between this document and the Plan Document, the Plan Document will govern.

About the 401(a) Plan
A 401(a) plan is a retirement savings plan designed to allow employers to supplement their employees’ existing retirement benefits by contributing to the plan on the employees’ behalf. Contributions and any earnings on contributions are tax-deferred until the money is withdrawn.

Vesting Schedule
Vesting refers to the percentage of your account you are entitled to receive upon the occurrence of distributable events. Your contributions and any earnings are always 100% vested (including rollovers from previous employers).

The value of employer contributions to the Plan, and any earnings they generate, are vested as follows:

<table>
<thead>
<tr>
<th>Years of Service</th>
<th>Vested Percentage of Employer Contributions</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 year</td>
<td>20%</td>
</tr>
<tr>
<td>2 years</td>
<td>40%</td>
</tr>
<tr>
<td>3 years</td>
<td>60%</td>
</tr>
<tr>
<td>4 years</td>
<td>80%</td>
</tr>
<tr>
<td>5 years</td>
<td>100%</td>
</tr>
</tbody>
</table>

Investment Options
A wide array of core investment options is available through your Plan. Each option is explained in further detail in your Plan’s fund sheets. Once you have enrolled, investment option information is also available through the website at www.empower-retirement.com or by calling the voice response system toll free at (800) 360-2684. The website and voice response system are available to you 24 hours a day, seven days a week.

Deferrals, Transfers and Allocation Changes
Use your Personal Identification Number (PIN) and Username to access the website, or you can use your Social Security number and PIN to access voice response system. You can move all or a portion of your existing balances among investment options (subject to Plan rules) and change how your payroll contributions are invested.

Rollovers
Only Plan administrator-approved balances from an eligible governmental 457(b), 401(k), 403(b) or 401(a) plan or an Individual Retirement Account (IRA) may be rolled over to the Plan.

Withdrawals
Qualifying distribution events are as follows:
- Retirement
- Severance of employment (as defined by the Internal Revenue Code provisions)
- Attainment of age 55 and 5 years of service
- Death (your beneficiary receives your benefits)

Ordinary income tax will apply to each distribution. Distributions received prior to age 59½ may also be assessed a 10% early withdrawal federal tax penalty. Refer to your Plan Document for more information about distributions.

Plan Fees
Recordkeeping or Administrative Fees:
An annual recordkeeping and communication fee of $61.44 will be charged on a monthly basis ($5.12/month).

Distribution Fees:
There are no Plan distribution fees.

Investment Option Fees:
Each investment option has an investment management fee that varies by investment option. These fees are deducted by each investment option’s management company before the daily price or performance is calculated. Fees pay for trading of securities within the investment options and other management expenses.

Funds may impose redemption fees on certain transfers, redemptions or exchanges. Asset allocation funds are generally subject to a fund operating expense at the fund level, as well as prorated fund operating expenses of each underlying fund in which they invest. For more information, please refer to the fund prospectus and/or disclosure document. Funds are subject to the risks of the underlying funds.

Loans
Your Plan allows you to borrow the lesser of $50,000 or 50% of your total vested account balance. The minimum loan amount is $1,000, and you have up to five years to repay your loan. There is a $75 origination fee for each loan that is deducted from the loan proceeds.

Plan Features & Highlights
For more information, visit www.empower-retirement.com or call (800) 360-2684.
How Can I Get More Information?
Visit the website at www.empower-retirement.com or call the voice response system toll free at (800) 360-2684 for more information. The website provides information regarding your Plan, as well as financial education information, financial calculators and other tools to help you manage your account.

Empower Retirement Advisory Services (Advisory Services)
Your Plan has a suite of services called Advisory Services. You can have a qualified investment adviser, Advised Assets Group, LLC (AAG), manage your retirement account for you. Or if you prefer to manage your retirement account on your own, you can use online investment guidance and advice tools. These services help create a personalized retirement strategy for you.

For more detailed information about Empower Retirement Advisory Services, including any applicable fees, visit your Plan’s website at www.empower-retirement.com or call the voice response system at (800) 360-2684 to speak to an AAG adviser representative.

1 All information contained on the website, in prospectuses, and in other investment option documents is offered in English. Please have this information translated for your understanding.

2 Access to the voice response system and the website may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance or other reasons. Transfer requests made via the website or the voice response system received on business days prior to close of the New York Stock Exchange (4:00 p.m. Eastern Time or earlier on some holidays or other special circumstances) will be initiated at the close of business the same day the request was received. The actual effective date of your transaction may vary depending on the investment option selected.

3 The account owner is responsible for keeping the assigned PIN confidential. Please contact a client service representative immediately if you suspect any unauthorized use.
Go to www.empower-retirement.com, click on the “Let’s Get Started!” link under the Access Your Account box and follow the prompts. You will need to provide the following:

- **Personal Information** - Provide your name, address, Social Security number, date of birth, etc.

- **Fund Choices** - Build a diversified portfolio based on your retirement goals.¹

¹ Diversification does not ensure a profit and does not protect against loss in declining markets.
IT’S IMPORTANT TO SELECT YOUR BENEFICIARY

This simple and quick process helps you prepare for life’s uncertainties, while ensuring your assets will pass on as you intended.

All you have to do is:

• Login to your Plan’s website at www.empower-retirement.com.¹
• Click on the “Beneficiary” link under the My Profile tile.
• Review current beneficiary information and click “Update Beneficiary,” if needed.
• Click “Change Beneficiaries.”
• Fill in the information about your new beneficiary and then click “Submit Changes.”
  (Please note: You will need a birth date and mailing address for each new beneficiary.)
• After verifying the information is correct, click “Continue.”
• You will receive a Beneficiary Change Confirmation message. Please print the confirmation screen for your records.

¹ Access to the voice response system and/or any website may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance or other reasons.
MUTUAL FUND LINEUP

Your plan offers seven distinct asset classes. Sign into your Empower account for Plan specific options.

**Cash/Stable Value**
- Money Market

**U.S. Fixed-Income**
- Intermediate-Term High-Quality Bond (core)
- Short-Term High-Quality Bond
- Inflation Protected
- High Yield Bond

**International Fixed-Income**
- I.T. H.Q. Developed Market Hedged (core)

**U.S. Equity**
- Large Cap Blend (core)
- Small Cap Blend
- Multi-Cap Value
- Multi-Cap Growth

**International Equity**
- Large-Cap Developed Markets (core)
- Small-Cap Developed Markets

**Alternatives**
- Global Real Estate (REITs)
- Commodities

**Target Maturity — Retirement Horizon**
- JP Morgan Smart Retirement Series I

For more fund information, please visit www.empower-retirement.com

For the most current fund line-up information, please refer to Broomfield’s website at http://www.broomfield.org/index.aspx?NID=445
INVESTMENT FUNDAMENTALS

Investment Building Blocks

**Cash Alternatives**—Investments in which the underlying principal you invest is generally stable or preserved.\(^1\)

**Bonds**—Investments in which you are lending money to the bond issuer to be repaid on a certain date with interest.

**Stocks, or Equities**—Investments in which you become part-owner of the company and share in its profits and losses.

![Diagram of asset classes]

For illustrative purposes only.

<table>
<thead>
<tr>
<th>Cash Alternatives (Fixed/Stable Value)</th>
<th>Higher risk/return potential</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bonds</td>
<td></td>
</tr>
<tr>
<td>Stocks (Equities)</td>
<td></td>
</tr>
</tbody>
</table>

Lower risk/return potential

Managing Risks

**Asset Allocation**—Balance risk and return by putting a percentage of your money into the different asset classes (cash alternatives, bond funds and stock funds).\(^2\)

**Diversification**—You can take asset allocation a step further and diversify or divide up your money within each asset class to also help balance risk.\(^2\)

**Beware of Inflation**—Just as you should be aware of investing too aggressively, you should also be aware of being too cautious. When you’re ready to retire, you’ll most likely be living in a more expensive world than we live in today due to inflation.

**Invest for the Long Term**—The market will have ups and downs, but if you invest wisely and invest for the long term you’ll have a better chance of reaching your long-term investment goals.

Investment Risks

**Market Risk**—An investment may drop in value due to a decline in the financial markets.

**Business Risk**—An investment may drop in value due to a decline in a particular industry or company.

**Inflation Risk**—An investment may not outpace the rate of inflation.

**Interest Rate Risk**—An investment may fall in value if interest rates rise.

**International Risk**—An international investment may drop in value due to political, economic or currency instability.

**Risk of Not Investing**—The risk that you will not have enough retirement income for a secure future.

**Your Savings Target**—Consider the amount of money you need to save and invest for a comfortable retirement.

**Your Time Horizon**—Consider the amount of time you have to invest in your Plan before you retire.

**Your Risk Tolerance**—Consider your comfort level with the ups and downs in the value of your investments.

---

1 Although these funds generally seek to preserve the value of your investment, it is possible to lose money while invested in a cash alternative-type option.
2 Asset allocation and diversification do not ensure a profit and do not protect against loss in declining markets.
3 Access to the voice response system and/or any website may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance or other reasons.

For more information, visit www.empower-retirement.com or call (800) 360-2684.
ASSET ALLOCATION AND DIVERSIFICATION

CITY & COUNTY OF BROOMFIELD MONEY PURCHASE PLAN

Asset allocation is the process of deciding what percentage of your money to put into the three different asset classes—stock funds, bond funds and cash alternatives. By investing in a mix of the asset classes, you can help balance the risk and return characteristics of each.

Generally, if your dollars are invested in materially different types of investments and market conditions cause one of your investments to perform poorly, not all of your money will be as adversely affected.

DETERMINE YOUR RISK TOLERANCE

To determine the mix of investments that best meets your retirement needs, first identify your risk comfort level. Complete the survey below by circling the number that best describes how strongly you agree or disagree with each of the statements.

1. I am a knowledgeable investor who understands the trade-off between risk and return and am willing to accept a greater degree of risk for potentially higher returns.
   - Disagree 1 2 3 4 5 Agree

2. I am willing to invest on a long-term basis.
   - Disagree 1 2 3 4 5 Agree

3. If one of my investments dropped 20% in value over six months due to a stock market fluctuation, I would hold on to that investment, expecting it to recover its value.
   - Disagree 1 2 3 4 5 Agree

4. I have savings vehicles other than this Plan that make me feel secure about my financial future.
   - Disagree 1 2 3 4 5 Agree

Now add up the numbers you circled above to get your Risk Tolerance score: __________

Use your Risk Tolerance score to help determine your preferred Investor Type, shown here with the corresponding Asset Allocation example.

Conservative (4-8 points):
You are comfortable with investments that have a lower risk with potentially lower returns. The illustration to the right is an example of a conservative mix of assets.

Moderate (9-14 points):
You are comfortable with some volatility. This mix is a balance between lower and higher risk investments. The risk and return potential is greater than the conservative mix, but not as great as the aggressive mix. The illustration to the right is an example of a moderate mix of assets.

Aggressive (15-20 points):
You are comfortable with higher risk for potentially higher returns. The illustration to the right is an example of an aggressive mix of assets.

For more information, visit www.empower-retirement.com or call (800) 360-2684.
DIVERSIFYING YOUR INVESTMENTS

Now that you’ve learned how to allocate your assets based on your risk tolerance, you can take it one step further and diversify or divide up your money within each asset class.

Diversification within each asset class can help you manage your overall risk. For example, let’s say all your investments are in small-cap funds. To help manage this risk, you may want to diversify by putting some of that money into large-cap, mid-cap and international funds. All investments have risk, and diversifying your investments does not ensure a profit or protect against loss in declining markets.

Your precise mix of investments will depend on your unique situation, such as your retirement savings goals, time horizon and risk tolerance.

Remember to review your investment strategy at least annually to ensure it is still appropriate for your retirement goals and, if necessary, rebalance your asset allocation and adjust your diversification strategy. A Rebalancer tool is available on the Plan website at www.empower-retirement.com.
TAX-DEFERRED INVESTING

CITY & COUNTY OF BROOMFIELD MONEY PURCHASE PLAN

Contributing to your Plan is a great way to take advantage of tax-deferred investing. Contributions to your Plan and any potential earnings on those contributions are tax-deferred until money is withdrawn.

The chart below shows how monthly contributions over time in a tax-deferred retirement plan compare to monthly contributions and any potential earnings compounded in a currently taxable investment (such as a bank savings account).

FOR ILLUSTRATIVE PURPOSES ONLY. This hypothetical illustration is intended to show a comparison between investing in a tax-deferred versus a taxable investment vehicle. It is not intended as a projection or prediction of future investment results, nor is it intended as financial planning or investment advice. It assumes $100 monthly contributions, a 0% and 6% annual rate of return, a 15% federal income tax bracket, and reinvestment of earnings with no withdrawals. Rates of return may vary. Distributions from a tax-deferred retirement plan may be taxable as ordinary income. The 10% early withdrawal penalty does not apply to 457 plan withdrawals. Assumes that the taxable account does not hold any investment for more than 12 months. Taxable investments held longer than 12 months may qualify for lower capital gains and/or qualified dividend tax rates, which may make the return on the taxable investments more favorable, thereby reducing the difference in performance between the accounts shown. The illustration does not reflect any associated charges, expenses or fees. The tax-deferred accumulation shown would be reduced if these fees had been deducted.

Fund Information

For more information, visit www.empower-retirement.com or call (800) 360-2684.
All you have to do to access your investments is click on Investment Options on the Investments tile to see what is currently in your portfolio. You can also check your investment performance, investment trends, and do some investment research. Use the Investment Research tool to help identify investment options you would like to include in your retirement portfolio. Use the investment screener on this page to create a subset of the investment options available to you that meet the criteria you select. Select investment options to save as a watch list to monitor over time.

After you have selected and reviewed your investment options, you can choose to rebalance your investments.* This is the process of moving money from one type of investment to another to maintain a targeted asset allocation within a portfolio. You can choose the frequency and when you would like this to start.

*Rebalancing does not ensure a profit and does not protect against loss in declining markets.

Transfer requests received on business days prior to close of the New York Stock Exchange (4:00 p.m. Eastern Time or earlier on some holidays or other special circumstances) will be initiated at the close of business the same day the request was received. The actual effective date of your transaction may vary depending on the investment option selected.
There are a variety of website tools available to you. Take a couple of minutes to familiarize yourself with the twelve different tiles you see here. We encourage you to access each of the tiles when you have time to learn more about everything from your Account History which shows your rate of return, your balance over time and all of your transactions - to Financial Planning Tools where planning tools plus paycheck and retirement calculators are available.
CERTIFIED FINANCIAL PLANNER

STRATEGIES OFFERING

Strategies Capital Management is our investment advisor. As part of their services, you have access to a Certified Financial Planner™ to help you with investment decisions in the Money Purchase Plan.

Strategies’ education representative is on site every other month for 30 minute one-on-one appointments. These appointments focus on investments in the money purchase plan and helping you determine your retirement readiness.

If you cannot meet one-on-one, you are welcome to set up a phone appointment to discuss the investments in the Money Purchase Plan. One-on-one and phone appointments are at no cost to you. See the Broomfield HR webpage for contact information.

FINANCIAL PLANNING OFFERING

Some of you may have more complex financial questions. Possibly you have outside investments you would like analyzed. You may want to know if you can save for a successful retirement and college tuition at the same time. You may be unsure if you should pay off your mortgage early or carry it into retirement.

These more complex questions cannot be addressed in a 30 minute appointment. However, if you’d like to purchase a financial plan from Strategies, that is available to you.

Starting at $900 for retirement and investment analysis, the financial planning offering can help you address your overall financial picture. Additional goals such as college planning, debt reduction, or life insurance are additional.

The plans are custom created for you by a Certified Financial Planner™ and do NOT come with an additional sales pitch for other investment products.
### Basic Financial Plan $900 to include

**1/2 hour free consultation**

**Retirement Readiness Analysis**
Client will receive two retirement scenarios. The scenarios can vary retirement age, income, and current savings rate as requested by the client.

**Investment Analysis**
One-on-One meeting with client to review Morningstar investment analysis that details current asset allocation, overlap of sectors and industries, and Morningstar rating of investments as applicable. Planner will suggest changes based on client’s risk tolerance, time horizon, and diversification of current portfolio.

**Follow-up**
Call with Planner to help with questions or implementation.

The pie charts above begin with the Federated Prime Obligations Money Market towards the top of the chart and continue clockwise in the same order as the legend below. The Legend is in order from most conservative to most aggressive, starting with the Federated Prime Obligations Money Market and ending with the Pimco Commodity Real Return.

These allocations are samples only and do not reflect all funds available to the plan. Please consider your investment choices carefully and read all available materials before investing any money. Individual investment allocations and goals will vary.

If you have any questions, please feel free to contact Strategies Capital Management at (303) 926-9600, Fax (303) 926-1613 or email at Guidance@strategiescm.com.
The Retirement Income Control Panel—a powerful tool that is offered exclusively on www.empower-retirement.com and is brought to you by Advised Assets Group LLC, a registered investment adviser—helps you quickly and easily see if you’re on track to meeting your retirement goals.1

It all starts by providing you with a projection of how your lump-sum account balance will translate into a monthly income amount. That’s the important number to focus on because that’s basically your income when you’re no longer working.

Given the importance of that projected amount, the Retirement Income Control Panel lets you choose other income sources beyond the assets in your Plan so that your projected monthly amount is customized to you.

From that point, you can tailor the results even further by inputting your annual salary, your retirement age, and the percentage of income you want to replace.

Once you have the Retirement Income Control Panel dialed in with your information, you can see if there is a gap between what your income goal is and what the tool projects it to be. And if a gap does exist, you’ll be provided with information on how to close it.

It could be as easy as contributing a little bit more to reach your goal, or you may choose to go with a new proposed asset allocation to help shrink the gap.

In just a few quick and simple steps, which are shown as examples on the next page, you can take greater control of your retirement readiness. And that is really just scratching the surface on what the Retirement Income Control Panel can do for you.

Visit www.empower-retirement.com today and check it out. Retirement readiness may be just a couple mouse clicks away.

---

1 The Retirement Income Control Panel is an educational tool that provides hypothetical information for illustrative purposes only. It is not intended to provide financial planning or investment advice. The Retirement Income Control Panel is brought to you by Advised Assets Group, LLC, a registered investment adviser. All rights reserved.
KEY FEATURES OF THE RETIREMENT INCOME CONTROL PANEL

Your Projected Amount
This shows your projected monthly after-tax income amount based on the following:
- Your current balance
- Your current contribution amount
- Your current age
- Your retirement age

Income Sources
This section displays the different income sources from which your projected retirement income is calculated.

Variable Inputs
This area allows you to edit the fields shown to better personalize the results that the Retirement Income Control Panel provides.

Savings Gap
If there is a gap between your projected monthly amount and your possible monthly amount based on the retirement information being used, it will be shown here.

Increase Your Contributions
If a gap exists, it’s important to know the different ways you may be able to close it in order to meet your retirement income goal. You are provided with a proposed annual contribution percentage to help put you on the right track.

Adjust Your Asset Allocation
You are also shown an asset allocation mix that may be more suitable to helping you reach your income goal.

FOR ILLUSTRATIVE PURPOSES ONLY

Planning & Advice
For more information, visit www.empower-retirement.com or call (800) 360-2684.
Retirement planning is a journey. The reality is, many participants aren’t retirement planning experts, nor do they want to be. In addition, they have unique investing styles and want help that accommodates their personal needs.

Empower Retirement Advisory Services (Advisory Services), provided through Advised Assets Group, LLC (AAG), a federally registered investment adviser, is an approach offered by Empower Retirement designed to meet the unique needs of diverse participants. Advisory Services is based on a philosophy that individual participants typically fall into one of three common investor types: Do-It-Myself℠, Help-Me-Do-It℠ and Do-It-For-Me℠. Advisory Services provides assistance to all of these investor types through its Managed Account, Online Investment Advice and Online Investment Guidance services by applying an innovative behavior-based approach to getting you on the right path toward reaching your retirement goals throughout your life. You have the opportunity to choose the level of assistance you want as you build a fundamentally sound retirement strategy that is tailored to and designed specifically for your unique needs.

Do-It-Myself Investor

A Do-It-Myself Investor chooses the Online Investment Guidance service if you want some general guidelines to help you manage your own account and want to have asset allocation and savings rate recommendations that reflect your unique financial information, retirement time frame, goals and financial situation. There is no fee to utilize this service. There is no guarantee that participation in Advisory Services will result in a profit or that your account will outperform a self-managed portfolio.

Help-Me-Do-It Investor

A Help-Me-Do-It Investor chooses the Online Investment Advice service when you want assistance with managing your account. Online Investment Advice provides fund-specific portfolio and savings rate recommendations based on your needs using the core funds available to you as part of your plan. These recommendations reflect your unique financial information, retirement time frame, goals and financial situation. There is a $25 annual fee, billed at $6.25 quarterly.

Do-It-For-Me Investor

A Do-It-For-Me Investor generally chooses the Managed Account investment service by giving AAG the ability to make investment choices based on your personal goals and financial situation. The Managed Account service provides you with a personalized and strategically designed retirement portfolio that is automatically managed from quarter to quarter. The quarterly fee for this easy and convenient service is based on your account balance.

1 The Managed Account, Online Investment Guidance and Online Investment Advice services are offered by Advised Assets Group, LLC (AAG), a federally registered investment adviser and wholly owned subsidiary of Great-West Life & Annuity Insurance Company. More information can be found at www.adviserinfo.sec.gov.
EMPOWER RETIREMENT ADVISORY SERVICES

MANAGED ACCOUNT, ONLINE INVESTMENT ADVICE AND ONLINE INVESTMENT GUIDANCE

THREE EASY WAYS TO ENROLL

1. Call an AAG Representative and choose the Advisory Services option at (800) 360-2684

   Investment adviser representatives from AAG, are available to answer questions, provide information to help you make informed decisions regarding your retirement, and assist you in enrolling in your desired service.

   Please note that fees may apply to the Managed Account and Online Investment Advice services. Please see the terms and conditions for each service for more information.

2. Visit the website — www.empower-retirement.com

   FOR THE MANAGED ACCOUNT SERVICE:
   - Enter your Username and Personal Identification Number (PIN).
   - Click on “Enroll in Managed Account” link under the Advisory Services section.
   - Fill in the necessary data on the form, read the service agreement, and check the appropriate box agreeing to the terms of service.
   - Press the “Enroll” button. You are now enrolled in the Managed Account service.
   - Write down your enrollment confirmation number.

   FOR ONLINE INVESTMENT GUIDANCE AND ONLINE INVESTMENT ADVICE SERVICES:
   - Enter your Username and PIN.
   - Click on “Learn more about Empower Retirement Advisory Services” link under the Advisory Services section.
   - Click on the “Take me to Advisory Services” button.
   - Read the terms of service agreement and click the “I Accept” button.

3. Complete a paper Enrollment Form (Managed Account service only)

   Contact your Empower Retirement representative or your Human Resources department for a paper enrollment form. Complete it and return it to the address listed on the form.

   There is no guarantee that participation in the Advisory Services will result in a profit or that your account will outperform a self-managed portfolio.

1 Access to the voice response system and website may be limited or unavailable during periods of peak demand, market volatility, systems upgrades/maintenance or other reasons.
2 The account owner is responsible for keeping the assigned PIN confidential. Please contact Empower Retirement immediately if you suspect any unauthorized use.

Representatives of GWFS Equities, Inc. cannot offer investment, fiduciary, financial, legal or tax advice. Please consult with your financial planner, attorney and/or tax advisor as needed.
TAKING A DISTRIBUTION PROS & CONS

CITY AND COUNTY OF BROOMFIELD MONEY PURCHASE PLAN
FOR PEACE OFFICERS

When you become eligible for a distribution, you generally have these options:

1. Leave your money in your employer’s Plan.
2. Roll over to an IRA or another employer plan.
3. Take a distribution.

If you are considering a rollover to an IRA or other qualified plan, review the fee structure for both plans.

The most important decision to consider is whether to leave your money in a tax-deferred account until retirement or take it out and pay the income taxes now.

For example, if a 45-year-old participant leaves a balance of $50,000 in a tax-deferred account with a hypothetical 6% average rate of return per year until age 65, that participant could have $165,510 when he or she retires.*

While you may have good intentions of investing your retirement money after taking a distribution, there is always the possibility of spending it.

The table above shows the potential growth that could be missed if a participant cashed out all of his or her retirement plan account balance at age 45.

Now let's look at what could happen to that $50,000 if the participant took a full or lump-sum distribution.

A mandatory 20% of the distribution, or $10,000, would be withheld to “pre-pay” the federal income tax. However, more or less than 20% may be owed, depending on the participant’s specific tax situation. Let’s say he or she is in the 25% tax bracket. At tax time, the participant will owe an additional 5%, or $2,500, as illustrated at right. State taxes may also apply.

The Impact of Taxes

| Account Balance | $50,000 |
| Federal Income Tax (Mandatory Withholding of 20%) | ($10,000) |
| Federal Income Tax (Due at Tax Time, Additional 5%) | ($2,500) |
| Potential Total (Less Taxes) | $37,500 |

* FOR ILLUSTRATIVE PURPOSES ONLY. This illustration is hypothetical and does not represent the performance of any investment options. It assumes a 4% and 6% annual rate of return and reinvestment of earnings, with no withdrawals. Rates of return may vary. Taxes have not been calculated in this illustration. The illustration does not reflect any charges, expenses or fees that may be associated with your Plan. The tax-deferred accumulations shown above would be reduced if these fees had been deducted.

---

FOR ILLUSTRATIVE PURPOSES ONLY. Intended to illustrate possible investment portfolio allocations that represent an investment strategy based on risk and return. This is not intended as financial planning or investment advice.
## TAKING A DISTRIBUTION PROS & CONS
