STANDARD PLAN NOTES: (Additional notes may be requested as part of the review process) (Cover Page)

1. This site development plan [or if applicable: urban renewal site plan] may be revoked by the City Council if building permits are not issued to the owner by the City and County of Broomfield within three years from the date of approval of this site development plan [or urban renewal site plan] by the City Council.
2. Any element of the construction, location, design, use, or operation of land or buildings not specifically shown on the approved site development plan in graphic or written form shall conform to the requirements of the [insert: Plan name, if applicable] and then the Broomfield Municipal Code [insert most applicable: zone district] zone district.
3. The Colorado Oil and Gas Conservation Commission online records do not disclose, as of the date of approval of this site development plan, any plugged or abandoned oil and gas wells, production sites, or any former oil and gas production sites located within the boundaries of the SDP or within 200 feet of such boundaries, pursuant to BMC Section 17-38-160(F).
 - a. **Or, if there are plugged or abandoned wells within 200 feet the note shall state,** "The owner shall disclose to prospective purchasers of lots within a radius of 200 feet of the plugged and abandoned well of (1) the location of the plugged and abandoned well, (2) the location of the maintenance and workover easement, and (3) the purpose for the well maintenance and workover easement".
4. All necessary easements shall be dedicated by the owner.
5. The property owner is responsible for all on-site maintenance (including internal private drives) and for maintenance of public right-of-way landscaping and public walkways; including snow removal adjacent to the property.
6. All rooftop and ground mounted mechanical equipment shall be fully and permanently screened.
7. Rooftop projections such as pipes and vents shall be painted to match the roof surface color.
8. The amount of space provided for the collection and storage of recyclable materials is at least as large as the amount of space provided for the collection and storage of refuse materials and is designed to accommodate collection and storage containers consistent with the recyclable materials generated.
9. On-site snow storage is adequately accounted for.

(Landscape Plans)

1. All landscaping will be irrigated.
2. All public landscaping and irrigation will comply with Broomfield Standards and Specifications.
3. Landscaping shall comply with sight line triangles at intersections, per Broomfield's Standards and Specifications. See sight line triangles on plans.
4. Landscape and irrigation work shall be completed prior to the issuance of the final certificate of occupancy for the site, or as specified in a subdivision improvement agreement or improvement

agreement. If completion is delayed by weather, the owner or assigns shall provide an itemized list and plan with a cost estimate of all outstanding landscaping along with a financial security, acceptable by Broomfield, to guarantee completion of the outstanding private landscape work to the City and County of Broomfield.

5. Minor adjustments to the landscape material and locations may be proposed for City consideration of approval at the construction document stage to respond to market and field conditions. However, the number and general size of materials shall remain equivalent.

GENERAL PLAN REQUIREMENTS:

1. Architectural sheets should include a legend for materials and colors, referenced as callouts on the elevations. Please use common color references such as beige, dark brown, tan, light blue, etc. so we can understand the intent. You may also include the color spec if desired. *(the actual color must be shown in a material board)*
2. Photometric plan needs to be legible at an 11"x17" inch size. Include the light cut sheet details. *(photo(s) are preferred but a spec/detail is also acceptable)*
 - a. Target 0.0 foot candle at the property line.
 - b. Include the following note on the plans: All fixtures shall be full cut-off and directed down in full cut-off position.
3. Electric vehicle charging infrastructure shall be provided in all site development plans in accordance with the [EV parking informational handout](#).
