

# PUBLIC HEALTH AND ENVIRONMENT

100 Spader Way • Broomfield, CO 80020 • 720.887.2220 • BroomfieldHealth.org • publichealth@broomfield.org

October 15, 2019

Dear Colleagues,

This letter is to inform you that Broomfield Public Health and Environment will no longer be offering our International Travel Clinic services. The closure of this clinic is in response to the evolving public health needs within the Broomfield community and current resources available.

Our last date of available appointments will be **November 22, 2019** with limited appointments available until that time. Please advise your patients and colleagues of other travel clinics they may utilize if they are in need of a consultation and specific travel vaccines and/or medications. Please see specific referral sites at the end of this letter.

Please note that the regular Immunization Clinic is still available for the public and operating at full capacity. While we will no longer offer travel consultations, patients may still come see us if they are in need of routine vaccinations. We accept clients of all ages, can bill Medicaid, accept self pay, and can offer low cost vaccinations to those who are uninsured or underinsured. For any questions regarding the information above or to make an appointment, please call our Immunization Clinic at 720-887-2220.

Thank you for your understanding.

Regards,

Jason Vahling, Director  
Broomfield Public Health and Environment
