Honorable mayor and City Council: We the undersigned registered voters of the City of Broomfield request the Council refer to the people on the ballot of the  
next general election on November 5, 2013, the following proposed City Charter Amendment, adding:  

Full text of the proposed amendment that is the subject of this petition is as follows:  

Purpose.  
To protect property, property values, public safety and welfare, and the environment by prohibiting the use of hydraulic fracturing to extract oil, gas, or other  
hydrocarbons within the City and County of Broomfield.  

Findings.  
The people of Broomfield hereby make the following findings with respect to the process of hydraulic fracturing within the City and County of Broomfield:  
• The Colorado Constitution confers on all individuals in the state, including the citizens of Broomfield, certain inalienable rights, including “the right of enjoying  
and defending their lives and liberties; of acquiring, possessing and protecting property; and of seeking and obtaining their safety and happiness,” Colorado  
Constitution Article II, § 3;  
• The Colorado Oil and Gas Act requires oil and gas resources to be extracted in a “manner consistent with protection of public health, safety, and welfare,  
including protection of the environment and wildlife resources,” C.R.S. § 34-60-102;  
• The well stimulation process known as hydraulic fracturing is used to extract deposits of oil, gas, and other hydrocarbons through the underground injection of  
large quantities of water, gels, acids or gases; sands or other proppants; and chemical additives, many of which are known to be toxic;  
• The people of Broomfield seek to protect themselves from the harms associated with hydraulic fracturing, including threats to public health and safety,  
property damage and diminished property values, poor air quality, destruction of landscape, and pollution of drinking and surface water;  
• The people of Broomfield have determined that the best way to safeguard our inalienable rights provided under the Colorado Constitution, and to ensure the  
“protection of public health, safety, and welfare, including protection of the environment and wildlife resources”; as provided under the Colorado Oil and Gas  
Act, is to prohibit hydraulic fracturing and the storage and disposal of its waste products within the City and County of Broomfield.  

Policy.  
It shall hereby be the policy of the City and County of Broomfield that it is prohibited to use hydraulic fracturing to extract oil, gas or other hydrocarbons within  
the City and County of Broomfield. In addition, within the City and County of Broomfield, it is prohibited to store in open pits or dispose of solid or liquid wastes  
created in connection with the hydraulic fracturing process, including but not limited to flowback or produced wastewater and brine.  

This prohibition will expire after five years from the date of its implementation, unless it is extended by a majority vote by the people of Broomfield prior to  
expiration.  

Retroactive application.  
In the event this measure is adopted by voters, its provisions shall apply retroactively as of the date the measure was found to have qualified for placement on the  
ballon.  

The names of three (3) persons who shall represent the proponents of the petition in all matters affecting the  
petition and to whom all notices or information concerning the petition shall be mailed, are:
