- Look up; be aware of your surroundings. Walk with confidence and purpose. Be alert, look and listen.
- Have your keys ready in your hand when approaching your car or residence.
- Do not wear headphones; Listening to music with a headset can impair your ability to hear when someone is approaching, or to hear traffic when crossing streets.
- Be aware of any vehicles driving or people walking in close proximity to you.
- Do not hitchhike. Do not accept or provide rides to strangers.
- If someone starts walking toward you, and you feel uncomfortable, consider entering the nearest business or crossing the street.
- If you feel that you are being followed, walk toward an area where there are other people. Call the police and identify your location, or ask someone to make the call for you.
- If you own a cell phone, carry it with you and make sure it is always charged and turned on.
- If you carry a purse or wallet, keep it close to your body. Be prepared to let it go if grabbed.
